A very Good Morning to all

Respected Shri Kumar Raju, Assistant Controller of Patents and Designs, Rajiv Gandhi National Institute of Intellectual Property Management (RGNIIPM), Nagpur, Esteemed faculty members, dear participants, and my enthusiastic students — it gives me an immense pleasure to address you all on this significant occasion.

I extend a hearty welcome to everyone gathered here for the “National Workshop on Intellectual Property Rights (IPR) & Patents and Design Filing,” jointly organized by the Institution’s Innovation Council and Internal Quality Assurance Cell (IQAC) of Sri A.S.N.M. Government College (A), Palakol in association with RGNIIPM, Government of India, Nagpur, under the National Intellectual Property Awareness Mission.

In today’s rapidly evolving knowledge Economy, Innovation and Research play a pivotal role in shaping a progressive and self-reliant society. However, it is equally vital to protect these valuable ideas and inventions. Intellectual Property Rights (IPR) empower innovators, scholars, and entrepreneurs to secure legal ownership of their creativity and enhance their contributions to research, development, and society.

We feel privileged to have with us Shri Kumar Raju, an expert who brings a wealth of knowledge and hands-on experience in the field of Patents and Designs. I am confident that his guidance will enable all participants to gain practical insights into the processes of IPR and the nuances of patent and design filing.

I appreciate the collaborative spirit between RGNIIPM, our Institution’s Innovation Council, and the IQAC that has made this workshop possible. Let us make the most of this opportunity to learn, to innovate, and to understand the power of protecting our intellectual assets.

Once again, I welcome you all and wish this workshop a grand success.
